

Leak Finders Credit

\$\$\$ BIG REWARDS \$\$\$

Help us eliminate leaks and water loss

Please help us in our quest to find water leaks on our main lines. In September 2017 we began a program to help you earn a \$50.00 credit to your water bill. The Water District will credit your account for each leak turned in that results in an actual Water District leak, *no matter the size!*

If you see **water standing, running, boiling up from the ground, (does not include low pressure calls or line hits)** call the office during normal business hours Tuesday thru Friday 9:00 to 4:30, Mondays and the last business day of the month 9:00 to 3:00 or the emergency number after hours, weekends and holidays to make a report. Water District personnel will investigate and if a leak is confirmed and repaired, the first person that talks to our personnel will receive a \$50.00 credit on your account.

All current Board members and employees are not eligible for this credit.

After Hours Emergency Numbers:

417-737-1758 – John

417-669-7944 - Larry
