

## **Leak Finders Credit**

**\$\$\$ BIG REWARDS \$\$\$**

### **Help us eliminate leaks and water loss**

Please help us in our quest to find water leaks on our main lines. In September 2017 we began a program to help you earn a \$50.00 credit to your water bill. The Water District will credit your account for each leak turned in that results in an actual Water District leak, *no matter the size!*

If you see **water standing, running, boiling up from the ground, (does not include low pressure calls or line hits)** call the office during normal business hours Monday – Friday 9:00 to 4:30 pm, or the emergency number after hours, weekends, and holidays to make a report. Water district personnel will investigate and if a leak is confirmed and repaired, the first personnel that talks to our personnel will receive a \$ 50.00 credit on your account.

All current Board members and employees are not eligible for the credit.

**After Hours emergency Numbers:**

**417-669-2429- Cody Griffin**
